## THE VOICE FOR CHANGE

Recent report card data shows that we have 17 low-performing schools and seven schools on the SC Improvement Plan. I am committed to addressing these challenges head-on and working tirelessly to provide the resources and support needed for all our students to succeed.

Together, we can ensure that every child in Lower Richland receives a high-quality education.

Let's build a brighter future for our community!

## Ericka’s Priorities as Commissioner will be:

**Public accountability and transparency:** We must hold the members of the board and superintendent accountable for their decisions and ensure information is shared with the public in a manner that is easily understood by all stakeholders.

**Transformative educational experiences:** We must ensure that students are receiving a quality education within the building, while also ensuring that learning experiences extend beyond the classroom.

**Employee retention and recruitment:** We must ensure employees are working in environments where they feel safe, valued, and appreciated. Strategies must be implemented to retain strong and effective employees, while also recruiting top talent.
