CITY COUNCIL AT-LARGE

TYLER BAILEY

CITY COUNCIL AT-LARGE

Dear Resident:

My name is Tyler Bailey. I am an At-Large candidate for Columbia City Council in the November 2 General Election. I sincerely hope to earn your vote!

I believe in Columbia and recognize how great our city can be. Should you elect me to City Council I will work tirelessly to help Columbia realize its full potential.

For nearly two years, we have faced the worst pandemic our country has seen in generations. But we have persevered and worked to protect one another during this crisis. We still have a ways to go, and I am committed to supporting our city through this crisis, while also leading the charge to take Columbia to the next level.

My plan to help our city not simply survive but to thrive includes:

- Supporting law enforcement, promoting community safety and protecting neighborhoods.
- Making sure tax dollars are managed and spent wisely.
- Cutting spending, reducing waste, and increasing transparency.
- Promoting “smart” growth that prevents haphazard development.
- Fully supporting the arts in Columbia and allowing artists and art supporters to continue to enhance the quality of life in our city.
- Supporting “business-friendly” policies to attract industry and empower small businesses.

As a husband, father, brother and son with deep ties to the church and this community, I am invested in making Columbia a city of excellence. Join me and let's make our city the best it can be.

Please visit my website at tylerforcolumbia.com and social media platforms for my bio, updates and contact information.

Sincerely,

Tyler Bailey

New Leadership! Proven Experience!
